

CIRCULAR TO ALL GTA MEMBERS

Dear GTA Member,

The Prime Minister Dr Robert Abela together with Economy and Industry Minister Silvio Schembri this afternoon announced details of the second round of COVID vouchers, intended to boost the local economy and encourage spending.

The €50 million scheme will see €100 worth of vouchers distributed to citizens and residents, with a valid residence permit, in Malta aged 16 and over. The vouchers may be used from 7th June until 15th September, 2021. Those who turned 16 by April 2021 will also be eligible to receive the vouchers.

Four red vouchers of €15 each will be disbursed to be used at restaurants, bars, accommodation, diving schools and Malta Tourism Authority licensed accommodation. In addition, four blue vouchers of €10 each will be granted and can be redeemed at retail shops and services, beauty and hair services, sports clubs, gyms, museums, arts and cultural centres.

We will be giving more details on these vouchers as soon as made available.

Thanks and best regards
