

CIRCULAR TO ALL GTA MEMBERS

Dear GTA Member,

For the past weeks, the Gozo Tourism Association has been collaborating with the relevant authorities on an initiative to have employees in the touristic sector on Gozo vaccinated the earliest possible.

In this regard, if your establishment has employees who have as yet not been vaccinated and would like to be so, you are kindly asked to revert back to the undersigned, stating the name, surname and Identity card number of the employee, in order to on pass this information to relevant authorities. Afterwards an appointment will be forwarded to you for the employee to be vaccinated.

Meanwhile those establishments who have employees without a Local Identity card (including Non-EU employees) can also apply to have such employees vaccinated. The only requirement in these instances is that the employee has to produce proof that he/she is actually living on the Maltese Islands. This evidence can be in the form of a utility bill, a telephone bill, a mobile bill or a rent agreement.

This is an effort by the Gozo Tourism Association in order to assist in having as much as possible employees in the tourism sector of Gozo fully vaccinated.

Thanks and best regards,

Joe Muscat
Chief Executive Officer
Gozo Tourism Association
