

## **CIRCULAR TO ALL GTA MEMBERS**

Dear GTA Member,

Please be informed that late yesterday evening, in a joint statement, the Deputy Prime Minister and the Minister for Tourism and Consumer Protection, confirmed that as from Thursday 1<sup>st</sup> July, 2021, Malta is going to be listed on the United Kingdom Green List.

This decision means, that British tourists visiting Malta, do not need to quarantine when they arrive back in the United Kingdom. Counter to this decision, as from Wednesday 30<sup>th</sup> June, 2021, those persons arriving in Malta from the United Kingdom, have to present their respective vaccination certificate. Only those persons who are in possession of a vaccine certificate and as recognized by the Maltese Health Superintendent will be allowed to enter Malta from the United Kingdom, and without the need to quarantine.

For your information and guidance

Thanks and best regards
