1st March, 2020

The Gozo Tourism Association welcomes with satisfaction the announcement of the Fast Ferry Service being introduced as from 1st June 2021, between Valleta and Mgarr. The introduction of this long-awaited service is another means of sea transport and it will definitely further enhance the inter-island connectivity.

The Gozo Tourism Association believes in different modes of inter-island connections and thus this service will be offering another direct alternative sea-link to Gozo via Valletta in a relatively quicker time.

This service can be appealing not only to the Gozitans who will use it for the daily commuting but it can be another means fast crossing to Gozo both for the domestic market as well as for the Malta based tourists - END
