

16th February 2018

MEDIA RELEASE

On Thursday 15th February, 2018, the Gozo Tourism Association organised a meeting for all the Gozitan Transport Garages. This meeting, which was held at Hotel Ta' Cenc & Spa in Sannat, was attended by the majority of the Gozo Garages.

During this meeting the issue of space and organisation at the Mgarr and Cirkewwa Ferry Terminals were discussed in detail. Those present aired their concerns, issues and problems encountered during the arrivals and departures of tourists at the Terminals. However the Garage owners also put forward and suggested concrete proposals for the improvement of these busy, yet restricted meeting points, which are handling over five million passengers.

The Gozo Tourism Association will be presenting these proposals on behalf of the Gozo Garage Owners, to the Minister for Gozo, the Chairman Gozo Channel and to Transport Malta.

Furthermore during the same meeting of Thursday, a presentation about a proposed new transport service on Gozo was given to the Gozitan Garage Owners.
